48-128 MB !

Easy to use

3

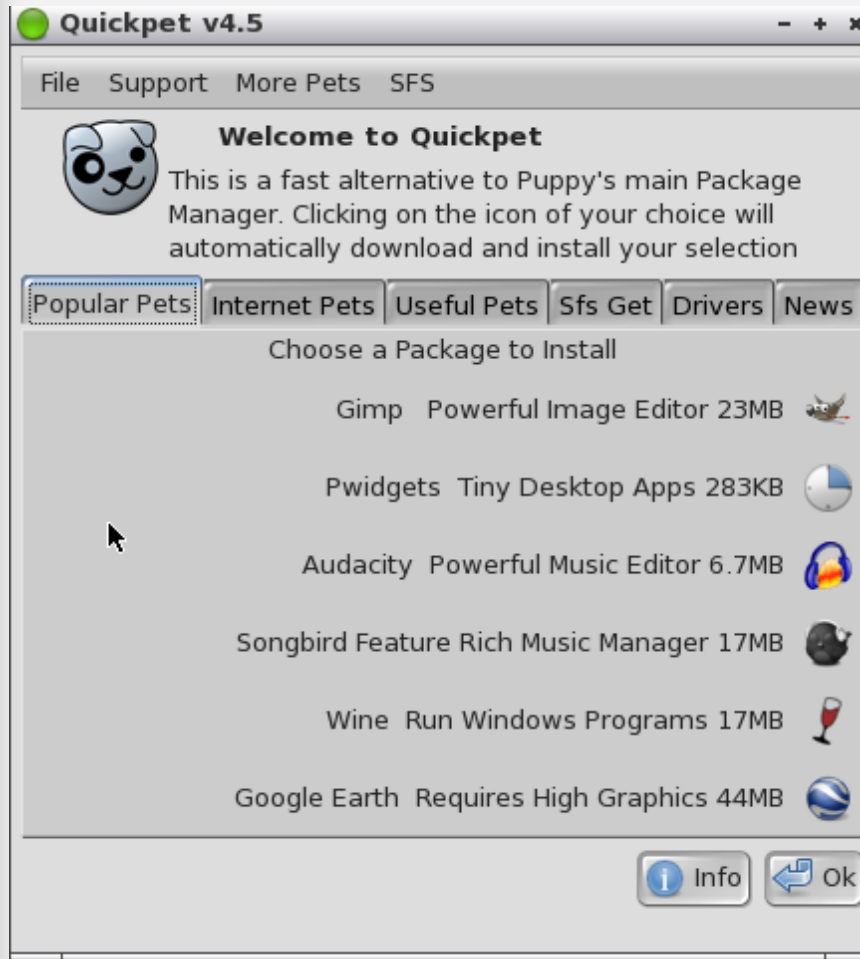

The screenshot displays the Puppy Linux desktop environment. At the top, a yellow banner contains the text "Easy to use" and a stylized number "3". The desktop background is a grey gradient with various icons. A central window titled "PCP" (Puppy Control Panel) is open, showing the "Network" tab. The window contains a list of network-related options:

- Firewall** - Install/Configure firewall (online protection)
- Internet Connect** - Dialup/Cable/DSL/Wired/Wireless
- Network Information** - View network configuration
- Network Setup** - Test/Configure network interface
- Samba** - Mount Windows Samba shares on Puppy PC
- VPN** - Connect to virtual private network (PPTP)

The desktop includes a top bar with icons for file, help, mount, install, control, edit, console, and lock. A left sidebar contains icons for write, browse, plan, connect, and a menu button. A bottom bar contains icons for Apps, Files, Find, Pack, Mnt, Term, SDM, and Exit. The system tray at the bottom right shows the PCP logo, system status icons, and the time 7:41 PM.

Woof: the Puppy builder

Specifications | PET repos | Compat repos | Download dbs | Choose pkgs | Download pkgs | Build pkgs | Kernel options | Build distro

These are the highest-level settings for building Puppy

Note, where appropriate, older choices are in a drop-down list on the right. Choose and click the left-arrow button for speedy selection of an older choice

A title for this build: (Any title, one to three words) ▼

3-digit Puppy version number: (3 numeric digits only, no decimal-points)

2-digit Puppy minor-version number: (2 numeric digits only, no decimal-points)

File prefix: (one to four characters only) ▼

Compatible-distro: ▼ (this the distro where to get the binary pkgs from)

Compatible-distro version: (a word or number) ▼

Previous templates

If you are even slightly confused by the above choices, this section makes it easy. Choose a configuration that has previously been built in Woof (and will likely just-work): ▼

Welcome! Each of these tabs is a GUI frontend for a single configuration file or script. This first tab is a GUI for configuration file 'DISTRO_SPECS'. This file has the overall specifications for your proposed build of Puppy. **If any changes made above, click 'UPDATE' button to save changes:**

Help: Introduction

Installation

٩

اجرا و نصب Puppy Linux :

- Live CD
- Universal installer
- BootFlash
- Unetbootin

- Lucid
- Racy
- Wary
- ...

The screenshot shows a 'Page Hit Ranking' table with a dark green header. Below the header, there is a 'Data span:' section with a dropdown menu set to 'Last 6 months' and a 'Refresh' button. The table has three columns: 'Rank', 'Distribution', and 'H.P.D*'. The data is as follows:

Rank	Distribution	H.P.D*
1	Mint	4346▲
2	Ubuntu	2068▲
3	Fedora	1745▲
4	openSUSE	1612▼
5	Debian	1425▼
6	Arch	1188▲
7	Mageia	1162▲
8	CentOS	1075▲
9	Puppy	962▼
10	PCLinuxOS	804▼

Slacko

Lighthouse

۱۲

The screenshot displays a Linux desktop environment with a world map as the background. The desktop includes a taskbar at the top with several application windows, a sidebar on the left with icons for various applications and folders, and a system tray at the bottom. A weather widget is positioned in the lower-left area, and a system monitor is in the lower-right. The desktop is titled 'Lighthouse Pup 5.00 c'.

Desktop Environment: Lighthouse Pup 5.00 c, KDE Version 4.4.4, Up Time 0d 3h 56m, Tasks/Running 144 / 2.

System Monitor: Processor CPU 48.0%, M/B 42.0%, AMD/Attilon(tm) 7750 Dual-Core, Core 0 Usage 33%, Core 1 Usage 39%, 2700 Mhz.

Network: eth0 192.168.1.163, Down 0.0 KB/s, Up 0.0 KB/s, IP 71.115.2.

Memory: RAM 720 of 3042 MB, SWAP 0 of 4095 MB.

File Systems: 206 of 371 MB, /mnt/home 28 of 49 GB.

Weather: Pasco/Tri-Cities, WA, 74.9°F, Fair, H: 84°F L: 50°F, Data provided by NOAA National Weather Service.

System Tray: 12:49 pm, Tue, 29 Jun, Linux 2.6.33.2, Tue 29 Jun 12:49:42, CPU 0 19%, CPU 1 36%, 178 procs, 1 users, Proc, CPU 118.4F, M/B 107.6F, 41K, 11.1, Disk, eth0 Mem, Swap, 53.1G 119.4K, 0d 3:56.

The image shows a desktop environment with a paper-themed wallpaper. The wallpaper features a blue sky, a large green sun, a white paper cloud, and brown paper mountains. The desktop is populated with various application icons, including file manager, help, mount, install, control, edit, console, write, calc, paint, draw, browse, email, plan, play, connect, quickpet, lock, zip, trash, save, farsi, VPN, Thunar, and firefox. The system tray at the bottom right shows the time as 7:55 PM. The desktop is organized into a grid of icons, with some icons grouped together. The overall aesthetic is clean and minimalist, with a focus on paper and natural elements.
