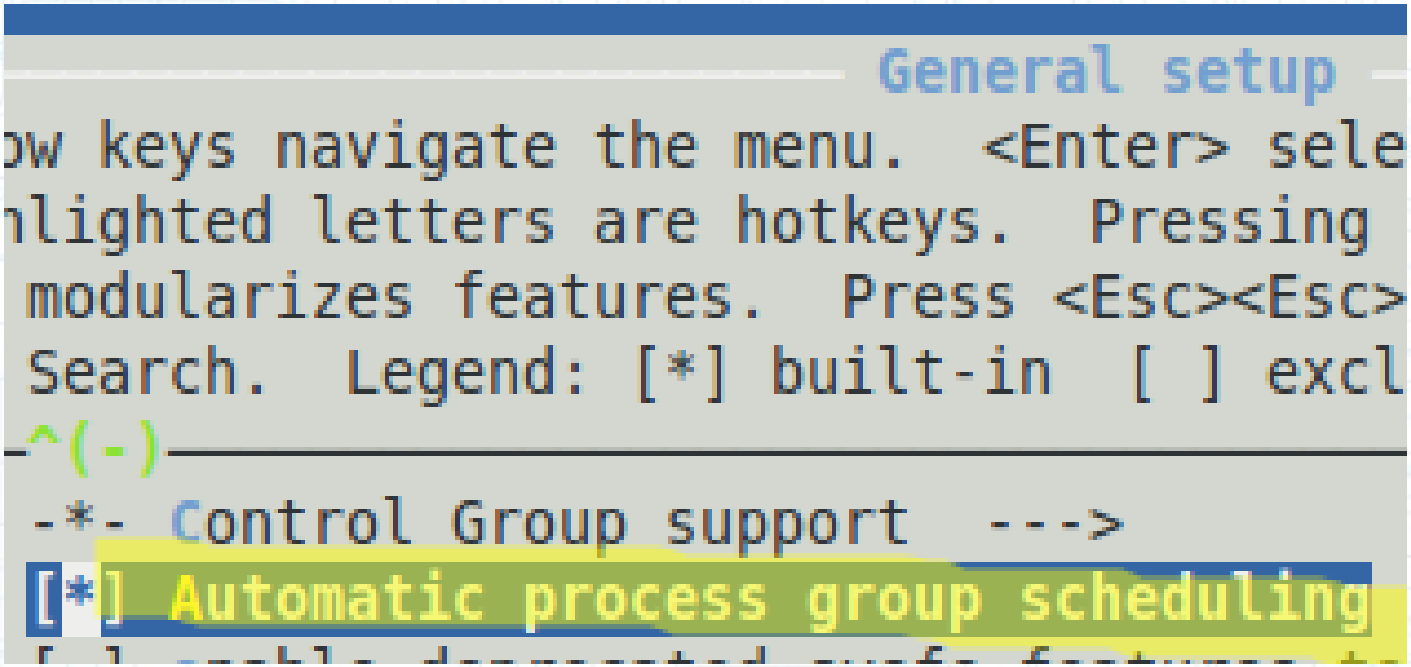
DockBarX ۰.۴۰

یک پچ ۲۰۰ خطی برای کرنل

- مایک گالبریث

- Automatic process group scheduling



تقلب توی آمار IE؟

- SunSpider Benchmark Developed By Apple.
- particular test (math-cordic)

```
=============================================
RESULTS (means and 95% confidence intervals)
---------------------------------------------
Total:                           40.8ms +/- 0.7%
---------------------------------------------

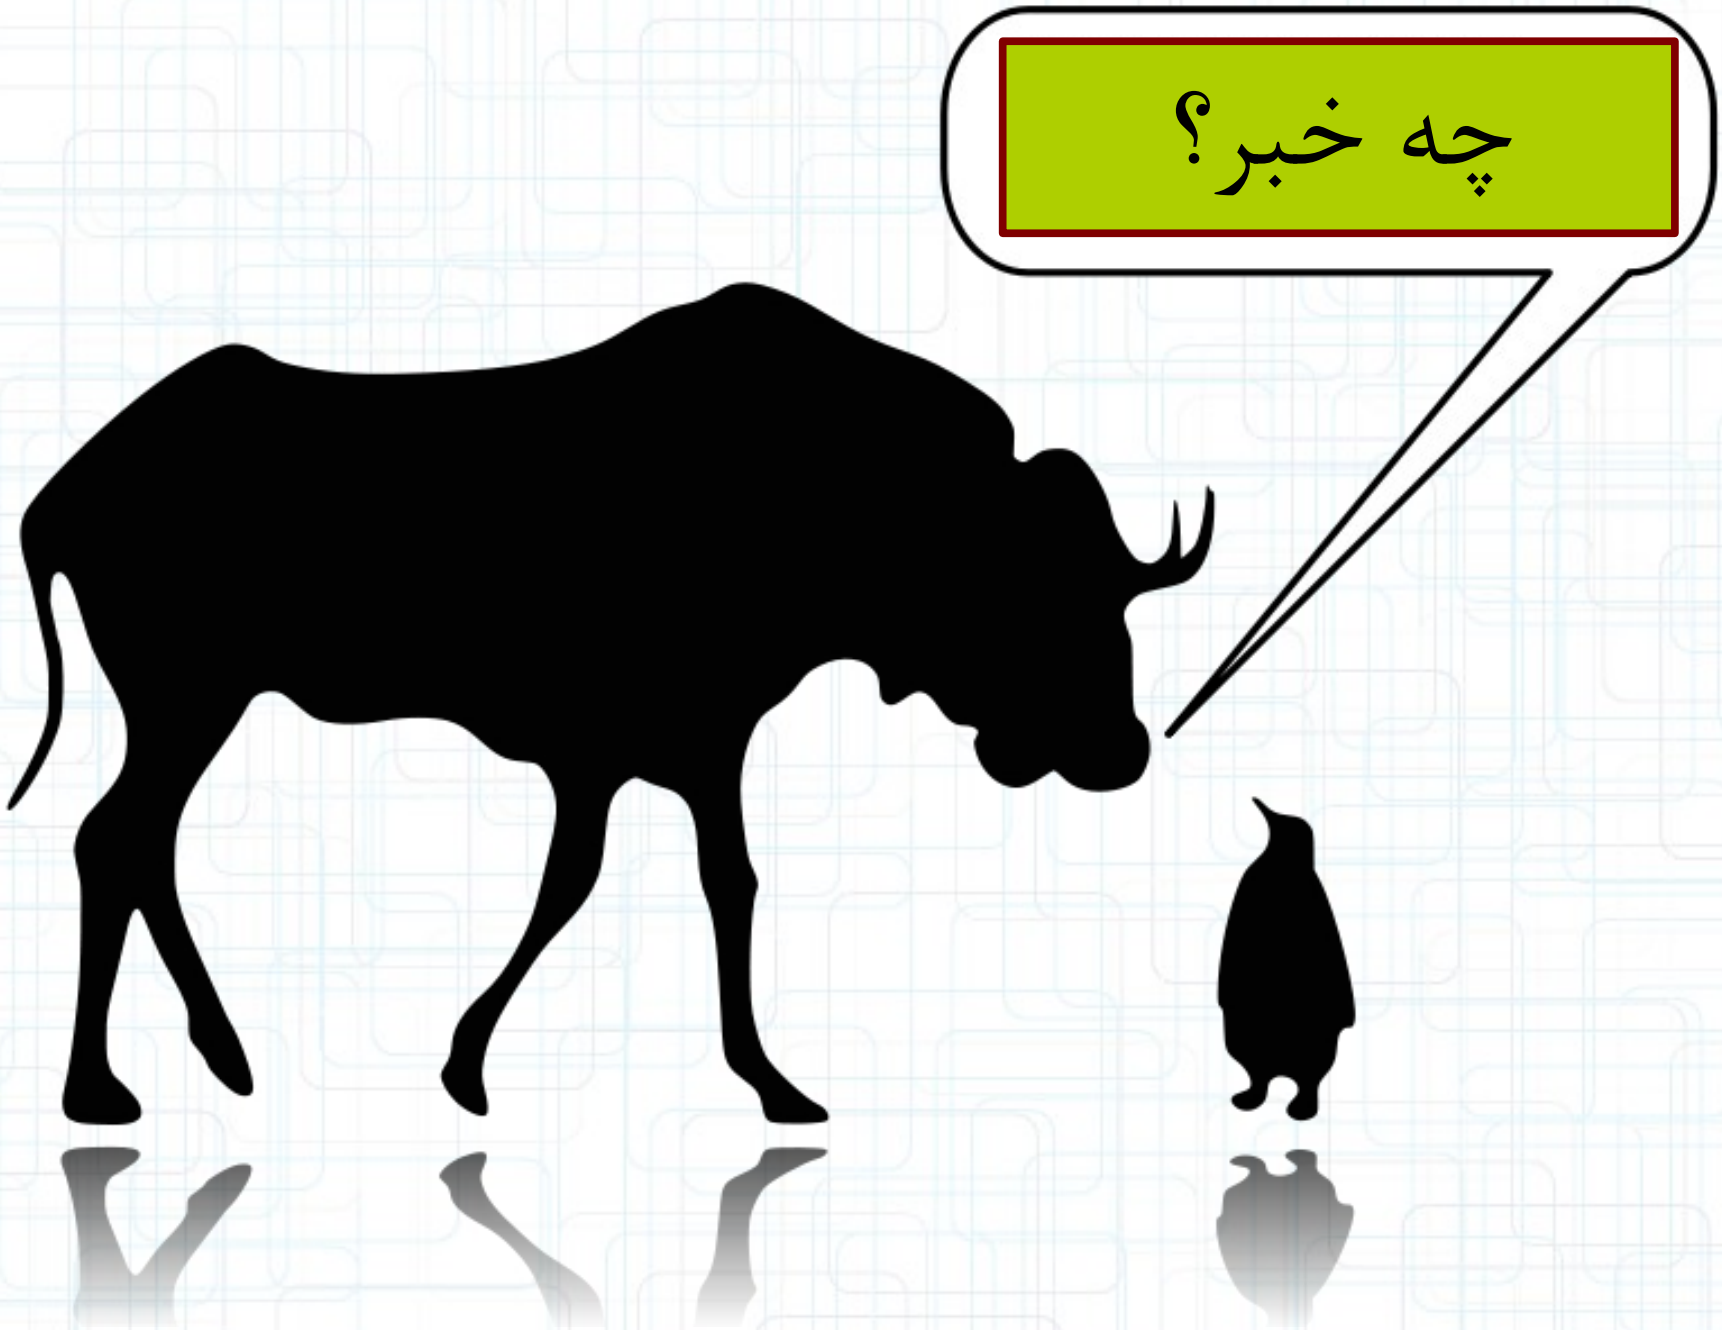
  math:                          40.8ms +/- 0.7%
    cordic:                       1.0ms +/- 0.0%
    cordic-with-return:          20.3ms +/- 1.7%
    cordic-with-true:            19.5ms +/- 1.9%
```

```
=============================================
RESULTS (means and 95% confidence intervals)
---------------------------------------------
Total:                           28.7ms +/- 1.2%
---------------------------------------------

  math:                          28.7ms +/- 1.2%
    cordic:                       9.5ms +/- 8.1%
    cordic-with-return:           9.6ms +/- 6.3%
    cordic-with-true:             9.6ms +/- 6.3%
```

فدورا ۱۴ با Wayland

- فدورا هم تصمیم گرفت تا به جای X.org از Wayland استفاده کند.



چه خبر؟
